United Nations S/2003/54

Security Council

Distr.: General
17 January 2003

Original: English

Draft resolution

The Security Council,

Noting with deep concern the linkage between the illicit trade in rough diamonds from certain regions of the world and the fuelling of armed conflicts that affect international peace and security,

Recalling all relevant resolutions of the Security Council to control the illicit trade in rough diamonds, including 1173 (1998) of 12 June 1998, 1306 (2000) of 5 July 2000, 1343 (2001) of 7 March 2001, 1385 (2001) of 19 December 2001, and 1408 (2002) of 6 May 2002,

Highlighting in particular resolution 1295 (2000) of 18 April 2000 which welcomed the proposal that led to the adoption of the Interlaken Declaration of 5 November 2002 on the Kimberley Process Certification Scheme for Rough Diamonds,

Highlighting further the importance of conflict prevention through efforts to hinder the fuelling of conflicts by illicit trade in rough diamonds, which is the very nature of the Kimberley Process,

Noting in particular the importance of the major diamond producing, and trading, and processing countries participating in the Kimberley Process system of self-regulation,

Expressing its appreciation to the Governments of South Africa, Namibia, Belgium, the Russian Federation, the United Kingdom, Angola, Botswana, Canada and Switzerland for hosting meetings of the Kimberley Process,

Noting with appreciation the important contribution made by industry and civil society to the development of the Kimberley Process Certification Scheme,

Further noting the decision made at the 5 November 2002 Interlaken meeting to launch the Kimberley Process Certification Scheme beginning on 1 January 2003,

Welcoming the progress achieved at the Interlaken meeting in developing the Kimberley Process Certification Scheme, including the adoption on 5 November 2002 of the Interlaken Declaration on the Kimberley Process Certification Scheme for Rough Diamonds,

1. *Strongly supports* the Kimberley Process Certification Scheme, as well as the ongoing process to refine and implement the regime, adopted at the Interlaken Conference as a valuable contribution against trafficking in conflict diamonds and

03-22752 (E) 280103

looks forward to its implementation and strongly encourages the participants to further resolve outstanding issues;

2. *Further welcomes* the voluntary system of industry self-regulation, as described in the Interlaken Declaration; and

3. *Stresses* that the widest possible participation in the Kimberley Process Certification Scheme is essential and should be encouraged and facilitated and urges all Member States to actively participate in the Scheme.
